Our next model train show and Cumberland Division Meet is Saturday, Nov 4, 9 am to 3 pm at TCRM's Willow ST building. **Jim Adair** is recruiting clinicians and there will be several dealers setting up tables plus the Company Store and operating HO scale RR. With the demise of the Great American Train Shows and its successors, our local shows should do well.

One Saturday at TCRM...

By **Charles Owens**

A good day today (Oct 7) - Many visitors all day from California, Mass. Texas, St. Louis, Atlanta and from Nashville and a few other locations on folks I did not get to talk to. It was busy all day long even in the hobby shop with **Tom Staggs**. We were so busy Tom and I did not even get to eat lunch.

Nashville Chapter, RHS News

by **Herb Roth**

The 2006 NRHS Annual Convention was held this year in mid July at New Philadelphia, Ohio - about 70 miles south of Cleveland. There are some fine photos and other info on the Convention on pages 10 & 11 of the October issue of "Trains".

For those interested in steam recordings - Bud Swearer has eight (or more) tapes he made in 1958 and 1959 in various locations on the N & W. They are supposed to compare favorably with E. Winston Link's early recordings. Swearer is presently working on reissuing his tapes. He can be reached by e-mail- buds65@aol.com. I have no info on costs.

NEXT MEETING TCRM Willow St Building Thursday Oct 19, 2006 7:00 PM

Nashville Ntrak News

By **Tom Staggs**

Nashville Ntrak continues to grow. We added two new members this month- **David Shay** and **Leo Williams Jr.** Both are retired and came to live in Nashville from Kansas City. Both were active with the "N" gineers Ntrak club there. We are fortunate to have them join TC Ry Museum and Nashville Ntrak.

We have set up a layout at the TC Ry Museum after a very successful 10-day run at the TN State Fair. We are displaying the layout on Saturdays and entertaining the passengers of the Excursion trains. Last Saturday there was over 500 riders and 25 visitors to the Museum; they viewed the N scale trains running until 3:00 in the afternoon. We are preparing for the Whistle Stop weekend at the Adventure Science Center by repairing and upgrading our modules. The upgrade on the yard has been a real treat - all the turnouts on our yard can be remotely controlled by DCC and Tortoise switch motors.

Mid-South Live Steamers News

By **Hank Sherwood**

We had a great 3-day turnout with good weather on hand for all three days. Lots of steam locomotives from 0-4-0's to 2-8-4's that burned everything from coal, oil, propane and corn cobs! The gas, diesel and electric trains were also well-represented.

We now have new operating and riding rules for all train operators and all passengers. EVERYONE has to sign a waiver to take part in the activities regarding the operation of the trains and riding on these trains. It is for liability insurance purposes, naturally. Everyone abided by this and the general public took it in good stride.

The next Spring Meet will be held May 4-6, 2007.
