**ALL RESERVED-SEAT PASSENGER TRAIN SERVICE  
NASHVILLE-WATERTOWN & RETURN**

The Mackle and Wilson Gangs are on the loose again! Rumors are they will attempt to hold up the Excursion Train en route to Watertown and then maybe even raid Watertown itself! Here's your chance to ride along and see how true these rumors are. You'll ride a traditional passenger train of cars from the last Golden Age of the passenger train in America! All stainless steel heated, air-conditioned cars provide you with the experience that the American traveling public had in the late 1940s and 1950s, pulled by classic EMD passenger diesel locomotives. The trip and the action in and near Watertown will be a memorable experience for the entire family! There might even be a shootout in Watertown between the Mackle and Wilson Gangs!

The **Tennessee Central Railway Museum** began in early 1989 as an effort to operate excursion trains in Middle Tennessee. The Museum's mission is to preserve, restore, interpret and operate historic railroad equipment for the education of the general public about America's railroads. The Museum actively supports Tennessee Operation Lifesaver, a cooperative program between Tennessee railroads and Tennessee state government promoting safety around railroads and rail-highway grade crossings. An all-volunteer staff does the work of the Museum. Interested in joining the Museum or learning more about us? If so, please call 615-244-9001 or visit our Website <http://www.tcry.org>
